

DIESEL SUPREME (X01964D)

DESCRIPTION

Exocet® Diesel Supreme fulfils two functions:

- i) to act as an additive package for unadditised, terminal-sourced DERV (basic EN590 diesel)
- ii) to upgrade retail diesel to premium grade fuel

APPLICATION

Exocet® Diesel Supreme can be added either to bulk storage or directly into the vehicle tank. It should be used where consistent and optimal power delivery is required; fuel economy needs to be optimised; diesel knock and engine noise minimised; and emissions reduction is sought.

BENEFITS

EXOCET® DIESEL SUPREME

Less expensive than HVO and GTL but still gives spectacular reduction in emissions.

REDUCED CARBON MONOXIDE BY **35%**

REDUCED HYDROCARBON BY **75%**

REDUCED CARBON DIOXIDE BY **3.5%**

ADDED BENEFIT OF UP TO **4% FUEL SAVING**

WHEN TO USE

- ◆ Consistent and optimal power delivery is required
- ◆ Emissions reduction is required
- ◆ Fuel economy needs to be optimised
- ◆ Protection against potential problems of high biodiesel content is required

TREATMENT RATIO

1 litre of Exocet® Diesel Supreme treats 2,000 litres of diesel

All Exocet® branded products are available in a range of sizes to 1,000 litres

DIESEL SUPREME (X01964D)

FEATURES

INCREASED CETANE NUMBER

Benefits:

- ◆ Easier starting
- ◆ Increased pulling power
- ◆ Smoother power delivery
- ◆ Reduced visible emissions (smoke)
- ◆ Improved combustion efficiency
- ◆ Aligns with modern engine calibrations
- ◆ Reduces the load on a DPF

REDUCED DEPOSIT FORMATION

Benefits:

- ◆ Keeps injectors clean in high pressure common rail engines
- ◆ Prevents injector sticking and over fuelling
- ◆ Maintains injector spray pattern
- ◆ Prevents nozzle coking in older engines
- ◆ Reduces fuel consumption & emissions
- ◆ Protects against corrosion
- ◆ Disperses soft particles, including biodiesel precipitates to prevent fuel filter blocking

INCREASED FUEL LUBRICITY

Benefits:

- ◆ Compensates for sulphur reduction
- ◆ Protects against premature wear in fuel pumps and fuel injectors
- ◆ Reduces friction

ENHANCED WATER RESISTANCE

Benefits:

- ◆ Prevents emulsions forming and resultant filter blockages
- ◆ Keeps water out of the fuel

WHEN TO USE

- ◆ Consistent and optimal power delivery is required
- ◆ Emissions reduction is required
- ◆ Fuel economy needs to be optimised
- ◆ Protection against potential problems of high biodiesel content is required
